**HIGHWAY PROGRAM SUMMARY
ILLINOIS DEPARTMENT OF TRANSPORTATION
DISTRICT 9, CARBONDALE**

Overview

Highway District 9 encompasses 13 counties in southern Illinois and includes the cities of Carbondale, Murphysboro, Harrisburg, West Frankfort, Marion, Benton and Pinckneyville, plus many smaller communities, which serve as satellites for the larger employment centers or as focal points of this farming and recreational area. The state highway system in District 9 consists of 1,173 miles of highways and 562 bridges, supporting 6.5 million vehicle miles of travel daily.

State Program

The program for state and local highways will average \$1.483 billion annually for the FY 2004-2008 period. Approximately \$139 million will be provided during FY 2004-2008 for improvements to state highways in District 9. The following table summarizes anticipated accomplishments on the state highway system in District 9 during this time frame.

FY 2004-2008 Accomplishments

Interstate Rehabilitation (miles)	29
Interstate Bridges (number)	10
Other Bridge Rehab/Replace (number)	33
Resurfacing/Widening (miles)	277
Major Highway Construction (miles)	3
Traffic/Safety Improvements (locations)	15

Major projects of interest that are tentatively scheduled during the FY 2004-2008 time frame include:

- **Interstate 24 from Interstate 57 to the Massac County line.** Resurfacing, bridge deck overlay and associated work on 23.6 miles are programmed during FY 2004-2008 at a cost of \$20 million. Of this total, resurfacing on 9.7 miles and bridge deck overlay are programmed in FY 2004 at a cost of \$9.6 million.
- **Interstate 57 from 0.5 mile south of the Alexander County line to Villa Ridge.** Resurfacing and associated work on 5.3 miles are programmed during FY 2005-2008 at a cost of \$3 million.
- **US 45 from north of Illinois 142 at Eldorado to Illinois 13 at Harrisburg.** Construction of additional lanes for 3.8 miles from Trolley Road in Eldorado to the north corporate limits of Muddy is under way. The construction of additional lanes for 1.2 miles from Saline River to Illinois 13 in Harrisburg is anticipated to be on a spring FY 2003 letting. Construction of additional lanes on the remaining 2.5 miles is programmed during FY 2004-2008 at a total cost of \$9.5 million. Of this total, construction of additional lanes for the 1.3-mile section from north of Muddy to the Saline River is programmed in FY 2004 at a cost of \$5 million. TEA-21 provided \$10.2 million in High Priority Project funds for this project.

- **Illinois 3 from the Jackson County line to 2 miles south of McClure.** Resurfacing on 20.7 miles, bridge replacement, land acquisition and utility work are programmed in FY 2004 at a cost of \$5.8 million.
- **Illinois 146 bridge replacement over the Mississippi River at East Cape Girardeau.** Construction of a four-lane replacement bridge south of the existing bridge and demolition of the old bridge are estimated to cost \$93.5 million. Missouri is the lead state for engineering and construction of this project. Construction of the new bridge is under way with Illinois and Missouri sharing the costs equally. The department has programmed \$930,000 during FY 2004-2008 for the remaining share of the costs.

In conjunction with the replacement of the East Cape Girardeau Bridge, a new four-lane pavement is under construction for 1.1 miles from the east abutment of the bridge to North Bader Lane.

- **Illinois 147 from Illinois 146 in Johnson County to Illinois 145 in Pope County.** Widening and resurfacing on 12.8 miles, shoulder reconstruction, new bridge deck over the Illinois Central Railroad and completion of land acquisition are programmed during FY 2004-2008 at a cost of \$7.5 million. Of this total, completion of land acquisition and new bridge deck over the Illinois Central Railroad are programmed in FY 2004 at a cost of \$1.3 million.
